

LUNGANI XULU

Full-Stack Developer (React | .NET | MySQL) | Information Management Graduate

Walkerville, Gauteng, South Africa • 074 268 6212 • lunganisoletu@gmail.com • github.com/SolethuCodes • [LinkedIn Profile](#)

PROFESSIONAL SUMMARY

Results-oriented and self-driven **Full-Stack Developer** with a strong foundation in building modern web applications using React for front-end development and .NET (C#) for backend systems. Experienced in designing and developing scalable, data-driven applications with a focus on clean architecture and user experience.

Currently completing a Diploma in Business IT at the University of Johannesburg, with hands-on experience in project coordination, stakeholder management, and quality assurance. Passionate about building efficient, end-to-end solutions and continuously improving technical skills in both frontend and backend development.

TECHNICAL SKILLS

Front-End: HTML5, CSS3, JavaScript (ES6+), React, Tailwind CSS

Back-End & Scripting: C#, .NET (ASP.NET Core), Node.js, Express.js, Python, PHP

Databases: MySQL, SQL, MongoDB

ORM & Data Access: Entity Framework (ORM)

Tools & Platforms: Git, GitHub, Postman

Soft Skills: Project Management, Public Speaking, Stakeholder Relations, Attention to Detail

Languages: English (Fluent), Zulu (Native)

WORK EXPERIENCE

Marketing, Projects & Development Officer | UJ APK SRC – University of Johannesburg | Jan 2023 – Dec 2023

- Led and coordinated the planning committee for the annual Miss UJ APK event, managing timelines, logistics, and multiple stakeholders.
- Cultivated and maintained sponsor relationships, securing external support for campus events.
- Directed broader marketing campaigns and communications for the campus Student Representative Council (SRC).
- Produced and distributed official SRC publications to the student body.

Quality Assurer | Gauteng Department of Education | Dec 2021, Dec 2022, Dec 2023

- Tracked, recorded, and reconciled the volume of examination scripts received and marked at the marking centre.
- Identified and flagged discrepancies between marks awarded and marks recorded, ensuring data integrity in high-stakes assessments.
- Operated under strict deadlines and accuracy standards in a high-volume, process-driven environment.
